Dear Parents and Carers

We have received the final version of our report from Ofsted. Please click on the link to read the report, [Ofsted Report](#) it will also be available on the school website from Monday.

As a school we are pleased with the outcome as we remain a 'GOOD' school and this is due to the hard work and commitment demonstrated by all members of our school community on a daily basis.

The two areas identified in the Ofsted report for needing improvement are both areas that were already identified by us as school priorities in our School Improvement Plan 2022-23. Improvements in both areas are well under way.

- We are continuing our work in all curriculum subjects to establish explicit and detailed links between the Early Years Framework and the National Curriculum and that our well thought through curriculum is documented clearly to ensure smooth transition.
- Currently our average attendance is 93%, this is not good at all. The national average is expected to be 97%. We will continue to rigorously monitor attendance and punctuality, work closely with our EWO and families to ensure this continues to improve and at an accelerated rate.
A child with 90% attendance at the end of the year will have had 20 days off of school. There are also very close links to attendance and academic achievement.

Thank you to everyone who has been coming to school on time every day

Working together and supporting each other as a whole school community will enable us all to achieve the very best for all the pupils at Waulud Primary School. I would like to take this opportunity to thank you for all you do to support your children and the school.

Should you wish to discuss the report with me please do not hesitate to contact me via the school office.

Yours sincerely
Mrs A Devereux
